DISCOVER THE SILENCE

S01+

SILENCE 

Electric bike with removable battery

The Silence S01+ features an ingenious, 'click-and-go' portable battery system, with its own integrated carry handle and trolley wheels. Great for easy charging and enhanced security. All Silence vehicles use the same trolley type battery, interchangeable with each other.

S01+ Upgraded performance

Unique visual design

- > Anthracite matt grey bodywork
- > Gloss black detailing
- > S01+ branding on wheels and body work
- > Embossed logo at back
- > Twin texture premium ports seat with red contrast stitching
- > New style Disk Wave brakes
- > New red battery LED ring

Increased power

Integrated Hub Motor power upgrade to 7.5 kW.

Unique visual design

Anthracite matt grey bodywork with gloss black detailing. Twin texture premium sports seat with red contrast stitching. S01+ branding on wheels and body work.

Push to Pass Mode

The P2P mode has been designed to facilitate overtaking, allowing the bike to reach 68mph.

Adjustable suspension

It is possible to adjust the preload of the front fork and the rear shock in a wide range of positions. In addition, the compression can be modified to stiffen or soften the rear suspension.

Upgraded disk brakes

'Disc Wave' brakes – lightweight, enhanced thermal properties, improved braking power.

Standard S01+ features

Equivalent to a 125cc scooter or motorbike, the S01+ is engineered for the town or city, with zippy performance exceptional carry-on space and connected services. A 5.6kWh battery and 7.5kW (9kw peak power) motor deliver a range of up to 85 miles, 0-30 in only 3.9 seconds and a limited top speed of 62mph.

- > 125cc equivalent
- > Top speed 62mph (68mph with P2P)
- > Up to 85 mile range (WMTC)
- > 0-30 in 3.9 seconds
- > Available colour Anthracite Grey
- > Under seat storage
- > LED lighting
- > USB Port
- > My Silence App connected
- > Removable battery
- > Charge in any UK standard 240V socket
- > Running costs of around £0.01 per mile
- > 2 Years Vehicle Warranty
- > 3 Years Battery Warranty

Dynamism and performance

S01 Connected, the best-selling motorcycle in Europe thanks to its performance. Ride up to 62mph and travel 85 miles on one full charge.

Reverse gear

Silence scooters are the only ones to feature a reverse gear, offering full manoeuvrability. This is activated by pressing the green button on the left handlebar. Once you've tried it, it becomes an essential driving mode.

Regenerative CBS Brakes

The left lever brakes both wheels and the right lever brakes the front wheel and activates the regenerative brake system to help brake and recharge the battery.

Under seat storage

The S01 Connected is the electric motorcycle with the widest space below the seat among its competitors.

Driving modes

ECO

In Eco mode, the scooter's speed is limited to 43mph. This allows you to save money and relax more as you drive.

CITY

In City mode, top speed is limited to 53mph, giving the vehicle a good performance level and more balanced power consumption.

SPORT

In standard Sport mode, you can drive at speeds of up to 62mph, providing increased power and speed in specific cases and more regenerative braking. Unique to the S01+, the P2P mode for overtaking allows the bike to reach a top speed of 68mph.

Technical specifications S01+

Class	L3e
Passengers	2
0 - 30mph	3.9 seconds
Limited speed / "Push-To-Pass" speed	62mph / 68mph
Range	85 miles
Charging time, 0-100%	6-8 hours
Battery / Battery weight	Lithium-Ion, 5.6kWh / 40kg
Weight without batteries	111 kg
Wheels (front and rear)	120-70-15 / 140-70-14
Brakes (front and rear)	Galfer Wave Disc, 260 mm / 240 mm
Brake system	CBS combined
Suspension	Adjustable Hydraulic Damping
Dimensions	2,000 L 705 W 1,313 H (mm)
Wheelbase	1,450 mm
Max authorised weight	320 kg
Motor	Integrated hub motor, brushless, 7.5 kW (9 KW Peak Power)

Features	Regenerative braking, reverse gear, central stand and side stands
BMS (Battery Management System)	Counter System: Manage the cells' voltage, the number of battery charges and discharges and the temperature
Charger	600 W On-board / Off-board (UK 3-pin connection)
Heater	Battery pack with 55 W heater (while charging)
Lighting	LED lights / daytime running lights / built-in indicators
LCD display	Speed, SoC (State of Charge), remaining range, temperature, time, 2x trip recorders, partial miles
Driving modes	City, Sport, ECO
Connectivity	On board unit (OBU) with SIM connected to the "my Silence Connected" App
Warranty	Vehicle 2 years / Battery 3 Years

The first electric scooter connected via Sim App as standard

The Silence S01+ comes already connected to the my Silence App.

Everything you need to know about your Silence in the **my Silence App**:

- > Geolocation of the car
- > State of the vehicle and battery charge percentage
- > Accessing the passenger compartment, starting and stopping the car
- > Activate the Air Conditioning, ventilation, lock the doors, activate the alarm or lower and raise the windows
- > Route creation
- > Historical usage charts
- > CO2 emission reduction statistics

Download the my Silence App

Available on Google Play and the App Store.

More than a battery. We redefine portable energy!

Unique removable trolley-type batteries

Fast & Easy Extraction System: the easiest and most convenient way to transport a battery... Yes, like a trolley! Recharge your Battery Pack at home or the office. High-capacity battery, 5.6 kWh, for outstanding performance.

Energy wherever you want with Nomad

Our batteries are sources of energy, not only for our vehicles, but for anything we set our minds to. From this idea, the Nomad is born. A portable inverter that you can take wherever you need and use together with your battery as a power source.
